

Kiev

EX-14000~EX-14011

Our Kiev lanterns are classically inspired octagonal linear fixtures. Just right for porticos of schools and government buildings with full length column supports out in the front. They are very gracious lights with a bare minimum of ornamentation and enough traditional design details to make a bold statement. We build them from all non-ferrous metals, primarily brass; but they can be made from aluminum and powder coated to a nice dark bronze or anthracite color. Kiev fixtures are available in a wide variety of finishes as well as lamping styles. Optional down lights available where local codes require.

~Kiev Series~

Pendant: EX-14000~EX-14011

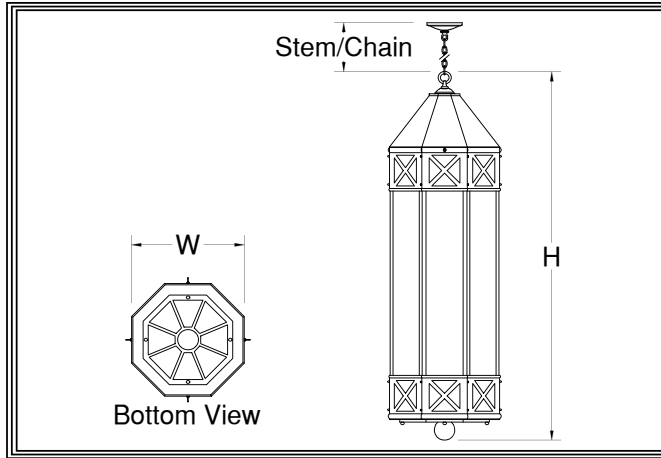

Mounting: Lightsmith fixtures mount to standard 4" octagon electrical boxes unless otherwise specified. All hardware and canopies supplied.

Listing and Warranty: Lightsmith fixtures are Underwriters Laboratories listed and carry a standard three year warranty against defects in materials and labor beginning at date of shipment.
