

# Lisburn

## SC-14300~SC-14311

Our Lisburn fixtures are strong linear pendants and sconces featuring dramatic laser cutouts that wrap around the entire frame for a seamless effect. The organic nature of these designs lends itself very well to public garden entrances and parks. We think Lisburn can be a credit to any place needing an attractive front door asset; but they fit especially well into outdoor areas where their curving fingers seem to beckon entrance. The sconces of this series also feature up and down accent lights. Beautiful up-wall patterns and functional, safe-passage downlights are striking!
