

Turin

PD-14809~PD-14813

Our Turin fixtures are a sturdy combination of glass prisms and non-ferrous rolled rings. Though the light source in these fixtures may not be readily apparent; if you look closely, you can see the LED flexible linear strip that runs the circumference of the ring just above dead center and right behind the triedre prisms. The light passes through the glassware for a completely even illumination arc. Things in these fixtures really glisten! We offer Turin in a variety of sizes with some rings being a true eight foot diameter. We can also offer RGBW LEDs for those interested in dramatic effects.

~Turin Series~

Pendant: PD-14809~PD-14813
 Ceiling Mt: CL-14800~CL-14808
 Wall Mt: SC-14800~SC-14811

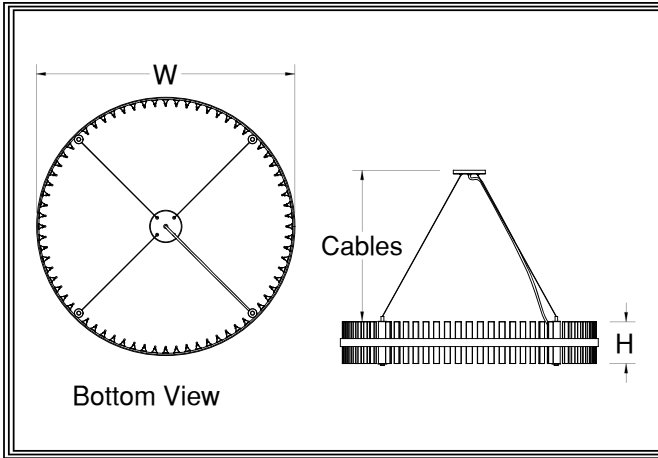

Mounting: Lightsmith fixtures mount to standard 4" octagon electrical boxes unless otherwise specified. All hardware and canopies supplied.

Listing and Warranty: Lightsmith fixtures are Underwriters Laboratories listed and carry a standard three year warranty against defects in materials and labor beginning at date of shipment.
