## CL-15400~CL-15408

Our Leipzig fixtures may be a little much for standard contemporary locals. But they can also set a bold tone for modernist interiors looking for a break in the consistency. We make them for public buildings, including churches, as well as the occasional private residence needing a splash of color. These lights come in a variety of types. They may be ordered in sconces and chandeliers and pendants as well as the conventional ceiling mounts. These are sturdy lights available in a wide variety of colors and diffusers. Our modular LED interiors are bright and long lasting options.
