Cardiff
Our Cardiff fixtures are manufactured in metal surfaces with thin reveals for linear accent. They are the perfect compliment for areas that are too square. We offer them in pendant, sconce, and ceiling designs.

Cardiff

SC-16305~SC-16316

Our Cardiff fixtures are classic deco designs meant to add a touch of 1920's class to any room. They feature double linear inlays that totally surround the frame back and front. There is also an acrylic panel at bottom that diffuses the downlight and keeps curious onlookers from seeing the light source. The solid metal frame means that light is only visible going up and down...another great art deco embellishment. Overall, these fixtures speak of quieter times when rooms could be just a touch more shaded than now. We are proud to offer them in myriad lampings and colors.
