

Killarney

SC-5500~SC-5511

Our Killarney lights are quietly elegant blends of heavy bar stock staves and rings with virgin acrylics. The result of this union is a classic design totally free of mechanical fasteners and any other visible means of joining things together. All metal parts to the frame are brazed or tig welded and then ground to right angle corners. The effect is very old school 1920's and even before that when European craftsmen were fresh off the boat with something to prove. We offer Killarney fixtures in brass, aluminum, and stainless steel. The Killarney sconce can be exterior mounted.
