

**PD-6400~PD-6421**

Our Peplan fixtures are simple and elegant expressions of lean lighting design. They feature a hand-spun deep cap at top that holds three metal bars which encase the acrylic cylinder. The cylinder itself is a seamless extrusion meant to provide perfect, even illumination in all directions. We build Peplan fixtures in all standard forms: pendants, chandeliers, ceiling, and sconces. They may be made from solid brass, or aluminum. And finishes are extremely durable and adaptable to all locations. Our modular LEDs are as powerful as they are efficient.
