SC-6900~SC-6911

Our Kathmandu fixtures may seem a little out of the ordinary at first glance, but they serve a distinct purpose in lighting doors and halls of public buildings. The wall sconces of this series are a conversation topic, to say the least...slightly modern, straight-edged lines tilting inward toward the room at about a 20° angle. We mount a variety of lamps into the cone body to push light through the cast acrylic lens. And there is also a downlight option for those places that need some extra footcandles to the floor. Wet location mounting available as well. Terrific lamp options. The LED version comes
