

Hedgeman

3004-CC~3018-CC

Our Hedgeman fixtures are stylish pendants, sconces, and ceiling lights. Their traditional-modern appearance comes from using a modified Greek Key design with a square inside a square motif. Hedgeman fixtures are bright, and especially powerful when using our modular LED options. The uni-directional nature of the linear LEDs we put into them really propels light output through the diffuser panes and down to the floor. And stylish side panels complete the look. These are the fixtures you would find in historic buildings as well as new office spaces. Very adaptable.
